

CAP

Business Foundations

The Base of Career Success!

Course Structure

Business Foundations is available to students from all regions and runs for eight months, aligning with the start of the school academic year. The course is comprised of four units, each of which is allocated two months.

The estimated workload will be 12.5-25 hours per unit depending on factors such as the student's application and level of engagement.

Each unit is made up of 5-6 topics. Each of these topics will form compulsory learning for each student.

Each unit has a set due date being the last day of the second month of the unit.

Students must submit their work by the due date to be eligible for credit for that particular unit. The following units will cover the essential scope:

1. Leading Business
2. Operations
3. Sales and Marketing
4. Economics and Finance

Students who have minimal time, due to other academic commitments, will be able to embrace the content of the course and complete a minimum number of responses to gain a 'competent' grade. It is anticipated this will involve a commitment of approximately 12.5 hours per unit (50 hours per year).

Students who wish to extend themselves, can undertake additional response tasks designed to stretch them, consolidate their understanding and develop their skills. Successful completion of these additional assessments, will earn a 'merit', 'distinction' or 'high distinction' grade. It is anticipated that this advanced level will involve a commitment of approximately 25 hours per unit (100 hours per year).

The student achievement grade, which reflects the commitment to the Global CAP Course, will appear on the CAP report and be available to the Business Sponsor.

A minimum grade of 'competent' in all of the four units is required to be eligible for the debenture.

The following underpins each unit:

- A positive attitude
- Self-motivation
- Being a team player
- Having a strong work ethic
- Being organised
- Being a problem-solver

Assessment

Assessment will be based on completion of online quizzes and responses to tasks/exercises. The following assessment guideline will derive a grade for each student for a unit.

Competent.

All topic quizzes completed at 80% pass level +

4

tasks completed to a satisfactory level

Merit.

All topic quizzes completed at 80% pass level +

5

tasks completed to a satisfactory level

Distinction.

All topic quizzes completed at 80% pass level +

6-7

tasks completed to a satisfactory level

High Distinction.

All topic quizzes completed at 80% pass level +

8

tasks completed to a satisfactory level

Unit 1

Leading Business

A leader's job is both inspirational and visionary. A leader clearly understands the vision and motivates others to engage with and to deliver that vision. The success of this is reliant on the leader having the right mindset and being an agile, positive thinker, equipped with the skills to make sound decisions, solve problems, think creatively and innovate.

1: PROBLEM SOLVING

- In business and leadership
