

Induction Checklist

For CAP Workplacement

Whilst undertaking work placement, students learn through observing and assisting with appropriate tasks.

The following Induction Checklist is an important step to introduce the student to your workplace environment and fulfil the WHS requirements.

WHS is a joint, shared responsibility between the legal employer (CTI) and the Business Sponsor.

Students/Trainees must not undertake activities that would normally require extensive training or experience, nor should they be exposed to dangerous or risky situations.

You may need to tailor this checklist to suit your own work-place, including any particular or special needs of work placement students.

The items covered in each section are relevant to all employers, but the amount of detail provided for each section will vary depending on the size of your workplace.

Please retain a copy of this checklist in your records, provide one to the student and upload to:
[Workplace Induction Checklist](#)

Further information about student work placement can be obtained from Career Training Institute.
