

CAP BUSINESS SPONSORSHIP TERMS OF PARTICIPATION

Business Sponsors are an integral stakeholder in the Career Advantage Program (CAP) and these Terms of Participation set out the roles and responsibilities involved.

Unless otherwise notified, it is deemed that the Business Sponsor agrees to these terms of participation upon providing their business details to the Campus CAP Team.

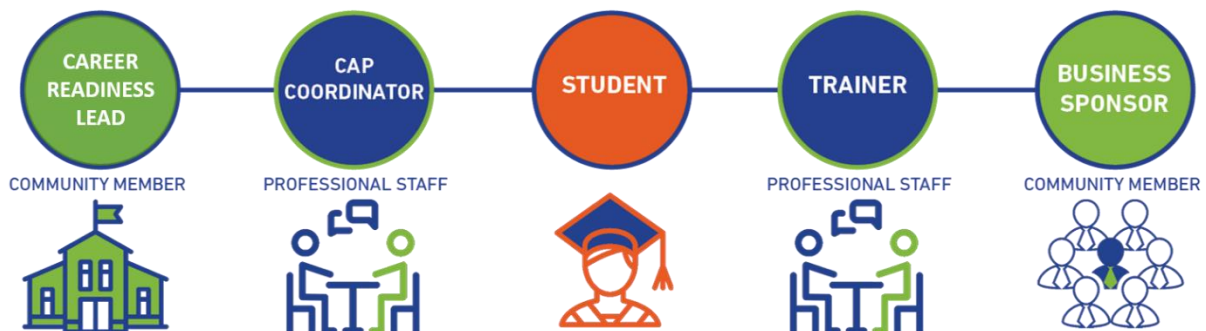

Career Advantage Program

The Career Advantage Program (CAP) is a structured training arrangement for senior school students enabling them to gain the skills and aptitude to achieve rapid success in their post school careers. The program involves:

- a commitment by students to utilise their own time to undertake extracurricular studies and workplace experience,
- a commitment by business stakeholders to invest in the potential workforce by sponsoring structured work experience,
- support from parents, teachers and community support personnel.

Each participating student will begin further studies while at school, and experience time managed training that will develop them to become self-starters, self-motivators and self-finishers.

There are several stakeholders in CAP who all focus on the student at the centre.

The **Career Readiness Lead** (CRL) is the main point of contact for work experience administration.

The **CAP Coordinator** will assist students to keep on track with their course and workplace commitments.

The **Trainer** will be the point of contact for the training program.

The **Business Sponsor** is the key contact for completing work experience.

Support

CAP is administered by Career Training Institute (CTI) who have dedicated support personnel to assist with any query from stakeholders. Please communicate with us by:

Business Sponsorship details

CAP BUSINESS SPONSORSHIP TERMS OF PARTICIPATION

Where a business sponsors a student, there is no employment relationship, nor are they committed to employ the student in an ongoing relationship after the program has finished. However it acknowledges that the Business Sponsor may actively recruit from the pool of students who have committed to, completed and gained significant skills through the course of the program.

The financial commitment to participate in CAP in 2023 is an all-inclusive cost of \$7900.00 + GST.

The sponsorship covers the costs associated with providing a bespoke global CAP course, training support, financial incentives for the student and all ancillary administration costs for duties undertaken by CTI.

CTI will issue a tax invoice to the Business Sponsor at the beginning of the year. Payment terms are available with an upfront settlement discount or regular instalments through a direct debit payment plan.

Business Sponsors may use their participation as an opportunity to enhance their company reputation through actively supporting and sponsoring an educational program, that enhances career opportunities in young Australians.

Student remuneration

Students receive financial incentives which are structured as a completion bonus (including a debenture, that is accessed when they turn 21). Full completion bonus is based upon successful completion of the extra-curricular study and the work experience.

It is essential that the work experience hours at the Business Sponsor's workplace are carefully and accurately recorded. The Business Sponsor and the student should agree on the most practical method of recording these details so that an accurate record can be submitted and approved within the CTI student portal.

CAP BUSINESS SPONSORSHIP TERMS OF PARTICIPATION

Work experience requirements

Students are required to complete 100 hours of work experience per year. It is envisaged that this will be completed during the school holiday periods and will not affect attendance at school.

Employers should assist students where practicable to obtain hands-on, practical on the job training to complement their CAP extra-curricular study plan. This can be facilitated by providing work tasks that are relevant to the student's study. Tasks should be appropriate for the level of student's age, maturity, and experience.

Legislative requirements

CTI has policies and procedures to ensure that all stakeholders involved with CAP are aware of and fulfil their responsibilities.

Privacy and Your Personal Information

CTI must comply with the National Privacy Act 1988. CTI only collects and discloses employer information required for the placement of student as required to State and Federal Government Departments and/or the School that the student is enrolled with. Business Sponsor details will not be given to another party and are maintained in a secure filing system.

Complaints and Appeals

A Business Sponsor or an enrolled student can raise a complaint or grievance with CTI management. Any grievance should be in writing and addressed to the Manager of CTI. Every effort will be made to resolve any dispute.

Workplace Health and Safety

OHS/WHS is a joint shared responsibility between CTI and the Business Sponsor. A Business Sponsor must have an OHS/WHS policy and documented system in operation before committing to take a work experience student.

CTI Students are required to have an OHS/WHS induction on commencement with the Business.

Workplace harassment and bullying are illegal and CTI and the Business have a duty of care in this regard.
